

OPERATING STANDARDS

VIDEO LOTTERY TERMINAL TESTING

EFFECTIVE DATE: DECEMBER 17, 2013

OVERVIEW

It may be necessary for a Video Lottery Sales Agent (VLSA) to conduct testing of commissioned Video Lottery Terminals (VLTs). These operating standards provide the guidelines and requirements for testing commissioned VLTs.

DESCRIPTION

A Video Lottery Sales Agent (VLSA) shall be responsible for the costs associated with the maintenance, repair, and service of the Video Lottery Terminals (VLTs). The associated costs include any monetary loss incurred during the testing of commissioned VLTs.

The Ohio Lottery Commission (OLC) will not refund any monetary loss incurred during the testing of commissioned VLTs. With the exception of jackpots (\$1,200.00 or more), all VLT meters incremented during testing sessions shall be accounted for according to OLC rules and regulations.

Detailed records and reports regarding the testing of commissioned VLTs shall be maintained and provided to the OLC upon request.

STANDARDS

VLT Testing – Commissioned VLTs must be tested with cash obtained from the cage. Cashable wagering instruments generated from a commissioned VLT may also be used for testing. The VLSA shall obtain approval of all VLT testing procedures from the OLC prior to the testing of commissioned VLTs.

Accounting – With the exception of jackpots (\$1,200.00 or more), the outcome of game play conducted during the testing of commissioned VLTs shall be accounted for according to the OLC rules and regulations for customer game play. All jackpots generated by a commissioned VLT during a testing session shall be voided.

The VLSA shall obtain approval of all cage/vault accounting procedures and forms related to the testing of commissioned VLTs prior to the commencement of such testing.

Notification – If a jackpot is generated during a testing session of a commissioned VLT, the VLSA shall notify the OLC immediately via email. Email notifications shall be sent to: vlt@lottery.ohio.gov
