

Terms and Conditions

For Application For Ohio Lottery Retailer License

Compliance with Lottery Act and Rules: Each Licensed Retailer Sales Agent ("Retailer") of the Ohio Lottery Commission ("Lottery"), which is granted a Lottery Retailer Sales License ("Lottery License"), is bound and must comply with the Lottery Act (Chapter 3770 of the Ohio Revised Code (ORC)) and any amendments thereto and all rules, policies, conditions, regulations, standards and orders adopted, promulgated or issued thereunder by the Lottery pursuant to Chapter 3770 of the ORC, Ohio Administrative Code (OAC), or the Director of the Lottery ("Director"), including the Retailer Operating Procedures, which will be provided by the Director. Retailers are not employees of the Lottery, and therefore, serve as independent contractors in their dispensing of Lottery products.

INDEMNIFICATION

Each Retailer agrees, in addition to the assurances and protections contained in its separately signed Indemnification Agreement, that it will indemnify and hold harmless, the Lottery, its Director, Commissioners, employees and the State of Ohio for any cost, expense, damage or liability arising from a Retailer's acts or omissions, or acts or omission of the Retailer's employees, relatives, or agents, in the conduct of any Lottery sales.

LICENSE FEES

Each Retailer must pay to the Lottery a one time, \$50.00 non-refundable license fee. This \$50.00 license fee will be collected through your EFT account as an adjustment on the Retailer invoice report.

OTHER FEES

- A Retailer may be charged additional fees at the discretion of the Director which would appear on the Retailer's weekly invoice.
- A Retailer is responsible for costs associated with obtaining a bond or participating in the Liability Deposit Program, if eligible.
- A Retailer may be charged installation or removal/replacement fees for Lottery provided equipment.

BONDING

Each Retailer is required to furnish a surety bond in an appropriate amount as determined by the Director. The Director may require additional bonding at any time. Eligible Retailers will be able to deposit a monetary amount to the Lottery in lieu of the required bond amount.

SALE OF LOTTERY TICKETS

Each Retailer will sell each Lottery ticket at face value and participate in every Lottery Game assigned to that Retailer. The Retailer further agrees to use its best efforts to sell Lottery tickets. Lottery Games include, but are not limited to, scratch-off tickets, draw-based, monitor, and terminal-based games. For purposes of this document, draw-based games include monitor and terminal-based games.

Each Retailer agrees to prominently display all point-of-sale materials as required by the Director. Each Lottery License authorizes the sale of tickets only at the address on the face of the license and Retailers may only sell the schemes of chance authorized by the Director. Tickets may be sold only by the Retailer or through its employees. Each Retailer is eligible for any bonus or incentive compensation awards for tickets sold to a person physically located within their retailer location, which may, from time-to-time, be authorized by the Director. A Retailer must comply with all procedures relating to the Lottery Ticket Accounting System in accordance with Rule 3770-4-07, the Ticket Sales Policy (LOT-SA-0005), and the Ticket Theft Policy (LOT-SE-0001).

TICKET SALES POLICY LOCATION

Lottery tickets assigned to a Retailer must be sold only at the Retailer's physical licensed location unless otherwise authorized by the Lottery.

SALES

The Lottery must approve the terms of sale and payment and Retailers must only sell tickets on such terms.

FINANCIAL RESPONSIBILITY

SCRATCH-OFF TICKETS: In accordance with the Ticket Sales Policy (LOT-SA-0005), proceeds from the sale of any book of Lottery tickets become due to the Lottery upon any of the following, whichever occurs first:

- whenever the book is "MARKED SOLD," as described in the Float Policy described below;
- upon the 65th day of activation, as described in the 65-Day Auto-

Settlement Policy described below;

- upon the closeout date of the game corresponding with that book; or
- when 95% of low tier winning tickets are validated within that book.

The Director or Designee may order that tickets not be issued to a Retailer who has failed to clear its account. Retailers who fail to make timely payment will be subject to the penalties as described in Retailer Strike Policy found in the Retailer Payment Policy (LOT-FI-0007).

65-DAY AUTO-SETTLEMENT

In accordance with the Ticket Sales Policy (LOT-SA-0005), all books activated for 65 days will automatically be marked sold by the Lottery on the 65th day after the book's initial activation. There may be game-specific exceptions to this Policy at the Lottery's discretion. The 65-Day Auto-Settlement Policy does not affect the Retailer's responsibility to "MARKED SOLD" any book that has been sold prior to the 65th day.

FLOAT

In accordance with the Ticket Sales Policy (LOT-SA-0005), the Lottery requires Retailers to "MARKED SOLD" through the gaming terminal, any book of Scratch-off tickets issued to it when the book is sold and is no longer in the Retailer's ticket inventory. The Lottery may also determine that a book of tickets is to be "MARKED SOLD" when a minimal number of tickets remain unsold, or when the redemption count of a book reaches 95 percent, whichever is less. Failure by a Retailer to "MARKED SOLD" any book of tickets is considered "FLOAT," and is a violation of the Float Policy. This violation may result in suspension and/or revocation of the Retailer's Lottery License.

ACCESSIBILITY

A Retailer must use its best efforts to make tickets easily available and accessible to the public and to encourage their sale.

EQUIPMENT

The Lottery will provide wager processing equipment and/or ticket display units to the Retailer. The Retailer is responsible for the security of that equipment as described in the Ticket Sales Policy (LOT-SA-0005), Ticket Theft Policy (LOT-SE-0001) and the Retailer Reference Guide.

WAGER PROCESSING

Each Retailer must always serve any customer waiting in line before accepting any large block orders for tickets as referenced in Ticket Sales Policy (LOT-SA-0005). In this regard, Retailers may not accept mail orders, phone orders, or bulk delivery of orders.

Retailers may only accept original Lottery bet slips that have been completed by hand or using the Lottery application with an official digital play slip / QR code. Retailers may not accept automated bet slips from any customers playing Lottery draw-based games, unless authorized by the Director to do so.

SECURITY

Each Retailer is responsible for the security of Lottery products, equipment and/or storage units and the proceeds from the sale of Lottery products.

SALES PROCEEDS/ ELECTRONIC FUNDS TRANSFER (EFT)

The relationship between the Lottery and its Retailers is one of trust. A Retailer collects funds on behalf of the Lottery through the sale of Lottery tickets, for which the Retailer receives a compensation.

The Retailer is financially responsible to the Lottery for all revenues derived from draw-based games and Scratch-off Ticket Games as recorded in the Lottery Gaming System.

A Retailer must promptly pay all monies due to the Lottery at the designated time. A Retailer must establish an account at a financial institution into which the funds due to the Lottery can be electronically transmitted to the Lottery. Delay or improper payment may result in terminal deactivation in accordance with ORC 3770.05, OAC Rule 3770-3-01 and the Lottery's Strike Process, set forth in the Retailer Payment Policy (LOT-FI-0007). Each Retailer understands the Strike Process, and that a violation may result in its equipment being deactivated and/or confiscated, the Retailer being fined and/or revocation of the Retailer's License. Directors, officers and controlling shareholders of a Retailer's corporate entity may be held personally liable for any funds owed to the Lottery.

TICKET SALES RESPONSIBILITY

A Retailer is solely responsible for the safety and security of all Scratch-off tickets delivered to it by the Lottery. On the dates and in the manner set out in the Retailer Operating Procedures, each Retailer must account for such tickets, together with all unsold Scratch-off tickets, to its assigned Lottery Sales Representative or any Representative of the Lottery. Any Scratch-off tickets which are not returned or properly accounted for on the specified date will be deemed to have been sold by the Retailer. The Lottery may withhold subsequent issues of Scratch-off tickets from a Retailer that has not fully accounted and paid for tickets previously issued to it.

RECORDS AND AUDITS

Each Retailer acknowledges by signing these Terms and Conditions that the Auditor of the State and/or the Lottery has permission to examine all paper or electronic records, files, and other documents of the Retailer, which pertain to its activities as a Lottery Retailer, for the purpose of conducting authorized audits.

PAYMENT OF PRIZES

A Retailer must provide prize redemption and claims services regardless of where a ticket is purchased. In this regard, a Retailer must have funds on hand to pay all prizes of up to \$599.00. In accordance with OAC Rule 3770-4-09(C) and the Retailer Reimbursement Policy (LOT-FI-0001), a Retailer may not cash ticket winnings greater than \$599.00, unless authorized by the Director to do so. A Retailer is liable for any prizes paid on improperly validated tickets or prize amounts not validated through the Lottery's Gaming System.

Each Retailer agrees to ascertain winning numbers and post them, along with any other Lottery provided postings concerning prizes, prominently as soon as possible following the drawing of draw-based games, or after receipt of such information. The Retailer further agrees to make available to its customers Lottery provided how-to-play information concerning draw-based games, as well as customer play slips.

All Retailers receive and agree to post Lottery provided information about Scratch-off Games, how-to-plays, as well as information about prizes remaining in various Scratch-off Games on sale.

The Lottery bears no liability for a Retailer's failure to post POS information, for posting unauthorized POS or providing inaccurate information/statement.

- The Lottery provides ticket paper stock, and the Retailer is responsible for terminal paper stock storage. The Retailer is responsible for the replenishment of such paper in the terminal and place an order for additional paper stock as necessary. Paper stock needs to be confirmed upon delivery from the Lottery. Paper stock is assigned to each individual Retailer location and cannot be transferred to any other Retailer location, unless a Lottery Representative performs this function. Terms and Conditions

For Application For Ohio Lottery Retailer License

PROHIBITION

Neither a Retailer, nor any person on behalf of a Retailer, or any other entity, directly or indirectly, will invite, solicit, demand, offer or accept payment, contribution, favor or other consideration to influence the award or retention of a Lottery License. Whoever engages in such conduct, or who sells a ticket to a minor, or who sells Lottery tickets at prices greater than those fixed by the Lottery is guilty of a misdemeanor in the third degree.

INTENT TO SELL, CEASE OPERATION OR RELOCATE

Lottery Licenses are not transferable, and the Lottery does NOT recognize any management agreement that attempts to do so. In the event a Retailer is selling its business to an entity that desires to become licensed, it is imperative for the buyer to contact the Lottery immediately to apply for a license in order to avoid an interruption in sales.

A Retailer must notify the Lottery at least 60 days in advance of the Retailer's intent to sell, cease operations or relocate the business either temporarily or permanently.

A Retailer must notify the Lottery at least 14 days in advance of any decision to close or change the location of the established EFT Bank Account in which the Retailer deposits monies due to the Lottery. In the event a Retailer ceases to sell tickets for any reason whatsoever, the Retailer must immediately cease to display any advertising pertaining to the sale of Lottery tickets regardless of whether such advertising was provided by the Lottery, by the Retailer, or by any other source.

LIABILITY DEPOSIT APPLICATION (IF APPLICABLE)

Pursuant to 3770.05 of the ORC, a Retailer may substitute a refundable deposit in lieu of a surety bond. The cash deposit will take the place of the surety bond in securing the Lottery from liability regarding default of payment for monies owed. By placing a refundable deposit with the Lottery for the purpose of a Lottery payment guarantee, I understand and agree to be bound by the terms and conditions outlined in this document.

This is a voluntary program and at any time the Lottery may cancel this program, requiring each participant to obtain a surety bond within 30 days. The deposit would be refunded based on the terms of this document.

- The deposit is a guarantee against any monies due to the Lottery. Failure to make timely payments to the Lottery may result in an exclusion from the Liability Deposit Program (LDP), at which time a surety bond will be required.
- The Lottery will use tools to help monitor the Retailer's liability limit, however, any liability incurred by the retail location is the responsibility of the principal.
- Nonpayment of invoice results in forfeiture of your deposit and the Lottery will initiate the cancellation process for the retail location. Failure to pay will result in the amount owed being reported to the Ohio Attorney General's office for collection.
- A refund will only be issued after the final billing cycle has been paid, or upon obtaining a surety bond. The refund for the total deposit balance

will be electronically deposited into the bank account used by the Retailer for lottery transactions. Retailer's account must remain open until the refund is received.

- If a Retailer utilizing the Liability Deposit Program reaches their liability limit at anytime during the week, their terminal(s) will automatically suspend sales. The Retailer will still be able to cash tickets. Cashing tickets will in turn lower the Retailer's current liability, which will allow the terminal to begin selling tickets again. The Retailer will also be able to pay off the amount owed or increase the deposit amount during normal Lottery business hours.
- If a Retailer reaches their liability limit three times within a six-month period they will be required to increase their deposit.
- The liability limit for each retail location will be reviewed on an annual basis, at which time the deposit may require an increase.

THE APPLICANT/RETAILER AGREES TO THE FOLLOWING TERMS, OBLIGATIONS AND RESPONSIBILITIES REGARDING ALL LOTTERY AUTHORIZED EQUIPMENT (IF APPLICABLE):
