

OLC Operating Procedure 1084
Effective: December 22, 2025

- (A) Title and term. Ohio Lottery Commission operating procedure, OLC Operating Procedure number one thousand eighty-four, "\$1,000,000 STACKED" shall be conducted at such times and for such periods as the commission may determine. For the purpose of this operating procedure, "sales cycle" shall mean any such period, including reprints, beginning on the date when ticket sales are commenced and continuing through the date established by the director as the date on which sales agents are to make their final settlement with respect to tickets allocated to them during the period in OLC operating procedure number one thousand eighty-four.
- (B) General design.
- (1) OLC Operating Procedure number one thousand eighty-four is a reveal symbol game and is generally known as an "instant lottery."
 - (2) Holders of valid tickets will remove the ticket covering off two "Bonus Spots." If the player reveals a "PIGGY BANK" symbol in either "Bonus Spot", the player wins the prize shown automatically for that "Bonus Spot."
- Next, the player will remove the covering off the entire play area to reveal twenty-five "Prize" spots. If the player reveals a "BANK" symbol, the player wins the prize shown automatically for that symbol. If the player reveals a "10X" symbol, the player wins ten times the prize shown automatically for that symbol. If the player reveals a "20X" symbol, the player wins twenty times the prize shown automatically for that symbol. If the player reveals a "50X" symbol, the player wins fifty times the prize shown automatically for that symbol. If the player reveals a "100X" symbol, the player wins one hundred times the prize shown automatically for that symbol. There are twenty-seven chances to win on each ticket, and a player can win up to twenty-seven times on one ticket.
- (3) The only "prize values," which shall appear on a ticket in OLC Operating Procedure number one thousand eighty-four are: ten dollars, fifteen dollars, twenty dollars, twenty-five dollars, thirty dollars, fifty dollars, one hundred dollars, five hundred dollars, one thousand dollars, and "Annuity Prize Award" of forty thousand dollars per year for the winner's natural life, but not less than twenty five years, before taxes or the "Elected Cash-Option Prize Award" of approximately five hundred thousand dollars before taxes in lieu of the "Annuity Prize Award." Numbers, prize values and play symbols appearing on any ticket in OLC Operating Procedure number one thousand eighty-four shall be concealed by an opaque covering, which may be scratched off by the holder of the ticket to reveal the underlying numbers, prize values and play symbols.
- (C) Price of tickets. The price of a ticket issued by the commission in OLC Operating Procedure number one thousand eighty-four shall be twenty dollars.

- (D) Structure, nature and value of prize awards.
- (1) There shall be one type of prize in OLC Operating Procedure number one thousand eighty-four called a "prize award."
 - (2) As used in this OLC Operating Procedure, "prize award" shall mean one of the following monetary figures, which is the total of all winning prize values appearing on the ticket: twenty dollars, thirty dollars, fifty dollars, one hundred dollars, two hundred dollars, five hundred dollars, one thousand dollars, ten thousand dollars, and "Annuity Prize Award." For the prize value of one million dollars, the winner has the choice to select an "Annuity Prize Award" of forty thousand dollars per year for the winner's natural life, but not less than twenty-five years, before taxes or the "Elected Cash-Option Prize Award" of approximately five hundred thousand dollars before taxes in lieu of the "Annuity Prize Award". instead of "annuity."
- (E) Number of prize awards. The number of prize awards in any sales cycle of OLC Operating Procedure number one thousand eighty-four, will depend upon the number of tickets sold during that cycle. However, distribution and availability for public purchase may be affected by, but not limited to, circumstances such as stolen, defective, missing, damaged, promotional, returned or partial reordered tickets. Tickets shall be printed in accordance with this OLC Operating Procedure using random techniques in order that the following occur:
- (1) Combinations winning each prize award are randomly distributed throughout all tickets printed in any given ticket issuance; and
 - (2) For each line in column one of the appendix to this OLC Operating Procedure, the player having the prize value and multiplier, if any, on that same line in column(s) three and/or four shall win the prize award on the same line in column five. In a pool of two million six hundred thousand tickets sold, mathematical reasoning suggests that the number of tickets having the prize value and multiplier, if any, set forth on a given line in columns three and/or four of the appendix to this operating procedure should be as set forth on that same line in column six.
- (F) Tickets sold. Chances of winning and the number of winning tickets are established at the time of printing and will change as prizes are won.
- (G) Frequency of prize drawings.
- (1) Random imprinting of prize awards on all tickets issued in OLC Operating Procedure number one thousand eighty-four shall be accomplished in a manner that complies with the commission's rules and procedures.

- (2) When a ticket issued in OLC Operating Procedure number one thousand eighty-four is sold or deemed sold in accordance with this OLC Operating Procedure, and the covering material over any of the numbers, prize values and play symbols has been removed, the holder shall be deemed to have drawn the numbers, prize values and play symbols on that ticket, which determine whether the holder is entitled to a prize award. All prize awards shall be deemed announced no later than the last day of the sales cycle of OLC Operating Procedure number one thousand eighty-four in which the ticket was sold.
- (H) Special claim, entry, receipt and validation procedures. The director shall establish special claim, entry, receipt and validation procedures, including procedures for validation by sales agents of tickets winning prize awards, which are to be paid by sales agents in accordance with commission rules. Prize awards shall be claimed within the time limits set forth by commission rules.
- (I) Validity of tickets.
 - (1) A mechanical error in printing prize awards, symbols, words or other numbers on a ticket shall not automatically invalidate that ticket. To the extent feasible, the director shall establish procedures by which the holder of any ticket on which information is incorrectly printed due to mechanical malfunction may be advised of correct information for the ticket. If it is not technically feasible to recover the information from a mechanically misprinted ticket, the director may declare the ticket void and the holder shall be entitled to a return of the ticket price or a replacement ticket of comparable price.
 - (2) In addition to, but not in limitation of, all other power and authority conferred on the director by the commission's rules, the director may declare a ticket in OLC Operating Procedure number one thousand eighty-four void if it is stolen, deactivated, not sold or deemed not sold in accordance with commission rules; if it is illegible, mutilated, altered, counterfeit, misregistered, reconstituted, miscut, defective, printed or produced in error or incomplete; if the ticket fails any of the validation tests or procedures established by the director; or if the ticket is obtained in violation of commission rules, including, but not limited to, by way of prize discounting prohibited under rule 3770-3-01 of the Administrative Code. The commission's liability and responsibility for a ticket declared void, if any, is limited to refund of the retail sales price of the ticket or issuance of a replacement ticket of comparable price.
- (J) Director's conduct of OLC Operating Procedure one thousand eighty-four.
