A message from the Director

Winter days have faded into the blue skies and sunshine that springtime in the Buckeye State offers. Blink and we'll be in the heart of the summertime heat!

There is a lot happening behind the scenes at the Ohio Lottery as we prepare for the conversion to a new gaming vendor in 2027. It has been 17 years since we've undergone a conversion, and we will be sharing a lot of pertinent information with our retailers through the *Ticket Seller* and your sales representative in the coming months. We look forward to working with our retailers to make this transition a success. See page 4 for more information in the Lottery Operations Update.

We're ready to start the summer with new Ohio Lottery Scratch-Offs on May 12. Get details on the four new games, *Triple 7's*, *Fun 5's*, *Money, Money, Money*, and *\$1,000,000 Stacked* on page 5.

Our sales staff is here to help you make the most of your Lottery business. Turn to page 3 to learn how your ticket mix can impact your sales.

Lottery profits help support education in our state, but we're also proud of the work being done beyond the Lottery Profits Education Fund to help schools through our Giving Back initiative. In March, we had the opportunity to present gift cards to teachers at eight schools in Ohio to support library programs. See the story on page 6.

As always, thank you for your continued partnership.

Sincerely,

Finding the Right Balance for your Ticket Mix

You could be missing out on bigger sales if your ticket mix is off. Healthy sales are determined based on weekly sales per bin. ***Ticket bins with weekly sales of \$140 per bin indicate optimal sales.***

If you have bins that are not reaching \$100 in sales per week, you may be carrying too many games. You can easily determine your weekly per bin sales by dividing your weekly scratch-off sales by the number of bins.

Follow this easy equation to determine your weekly sales per bin!

$$\text{Weekly Sales} \div \text{Number of Bins} = \text{Weekly sales per bin}$$

What can you do?

Utilize the expertise of your Lottery Sales Rep and Scientific Games Tel-Sell rep to fix your ticket mix to include a variety of tickets and price points.

Your Tel-Sell representative can make recommendations based on your sales and sales from your zip code, district, and similar business type.

You can also help increase your sales by carrying the core games identified by the Lottery. These games are popular and aggressively promoted through various Ohio Lottery channels.

Lottery Operations Update

Something BIG is Coming!

This year marks the beginning of a lot of work behind the scenes as we prepare for a gaming system conversion.

What does it mean for you?

As part of the conversion to a new gaming vendor, **all existing lottery terminals and equipment will be replaced.**

We will be offering **a series of town hall meetings** where you will get to see the new equipment, learn how it works, and use it in a test setting. Our sales staff is evaluating all retail locations to determine which pieces of equipment you will receive.

Additionally, retailers will be **required to complete training videos provided through e-Learning.** All town hall meeting and training dates will be shared with retailers in the coming months.

Watch for more information in the coming months in *Ticket Seller* and from your Lottery Sales Representative.

Retailer Incentive Program Change

The Retailer Incentive Program will be on hold beginning July 1, 2026, through the completion of the conversion in 2027. During that time, retailers will be eligible for other incentives and rewards. The Lottery will introduce a new Retailer Incentive Program post-conversion.

The Ohio Lottery is Giving Back

You may know that the Ohio Lottery's mission is to generate funding in support of K-12 education in the Buckeye State. We're going beyond the Lottery Profits Education Fund with our *Giving Back* initiative, awarding Ohio teachers and schools in other ways.

During the month of March, *Giving Back* awarded eight Title 1 elementary schools with a third grade level with \$500 Barnes & Noble gift cards to upgrade their libraries.

These awards support Governor DeWine's Literacy Initiative to help bolster reading programs for kids, especially in underserved communities.

Stadium Drive Elementary in Boardman was one of the lucky recipients. The school plans to use the gift card to purchase new graphic novels, which are a popular pick among the students.

"This is an opportunity to get more literature in our library and an opportunity for our children to be able to find a book they love and are passionate about, and who knows, may create future librarians and teachers as well," Michael Zoccali, Principal at Stadium Drive Elementary said.

See the complete list of schools and learn more about *Giving Back* on our website.

EZPLAY® Progressive Jackpot Won in New Albany

Don Brumage, Third Base Pint House

Don Brumage owns Third Base Pint House located at 9215 Dublin Rd. in Powell. When he was taking a break to play KENO on February 12, 2026, he saw that the EZPlay GoingPro jackpot was high and decided to switch over. He was shocked when he heard a chime and wasn't sure it was from his machine. But then the red box popped up confirming he was the \$32,229 jackpot winner.

He took his ticket and celebrated in the kitchen so he wouldn't cause a scene. Then he went back out and covered some of his regulars' bar tabs for the night. He plans to use the rest of his winnings towards an upcoming vacation.

\$50,000 Won on \$10 Scratch-Off

Michelle Cook, Par Mar #110

Michelle works at Par Mar #110 located at 41 Jones Rd. in Chillicothe. She purchased a Holiday Cash Vault ticket, a \$10 scratch-off with a top prize of \$500,000. When she played her ticket, she was thrilled to discover that she had won \$50,000!

Ticket Mix Up Leads to \$25,417 Pick 5 Win

Ashiar Khan, Richmond Heights Sunoco.

Ashiar Khan works at the Richmond Heights Sunoco #0539720300 located at 26005 Chardon Rd. but was at Sunoco #0616669800 located at 1065 Lost Nation Rd. in Willoughby getting gas. As he was standing in line to pay, he noticed a regular customer that he recognized from his time working at that station talking to the cashier. One of his numbers was incorrect on the ticket. Instead of the cashier cancelling the sale, Ashiar said that he would just buy the tickets instead. He put them in his pocket and left.

The next day, the cashier called him and asked if he had checked his Pick 5 ticket. Then the customer came into his store and asked the same thing. They both suspected that he had won because the numbers were one digit off from the one the customer had purchased. When he finally checked, he discovered that he had won \$25,417. The odds of winning a straight bet are 1 in 100,000 but he felt even luckier because he didn't even plan to play.

Ashiar said that he plans to share some of his winnings with the customer and cashier from the Richmond Heights Sunoco and would also like to buy his mom a massage chair.

Taking Care of Business:

Beware of illegal gambling machines! You could lose your License!

Lottery Chief Legal Counsel reminds you NOT to install or allow a vendor to install illegal gambling machines in your retail location.

Each Lottery Retail Sales License limits you to the sale of schemes of chance authorized by the Director in accordance with Ohio Administrative Code (OAC) §3770-4-03.

The installation of gambling machines and related services are illegal under Ohio Revised Code §§2915.02 and 2915.092 and prohibited by OAC §901:9-2-07 and Chapter 3772.

Moreover, if you are found to be in possession of unregulated skill-based amusement machines you and your employees could be prosecuted criminally. You will also likely lose your Ohio Lottery License.

Illegal gambling is a crime, and the Ohio Lottery takes this very seriously.
