A message from the Director

Changing leaves, crisp air, and football season can only mean one thing. Fall is here! While you might have fall colors, pumpkins, and candy corn on your mind, it is time to start gearing up for the holiday season.

The holidays are the biggest time of the year for Ohio Lottery sales, and the new holiday scratch-offs will reach your location for sales beginning October 13. *Holiday Cash*, *Sweet Riches*, *Holiday Lucky Times 10*, *Holiday 50 Times the Money*, *\$1,000,000 Merry Multiplier*, and *Merry Money Match* round out the release and will offer your customers many chances to play, gift, and win throughout the holiday season.

In addition, we are offering the Holiday Cheer Express Second Chance Promotion for players through MyLotto Rewards®. Your customers can enter their non-winning holiday scratch-offs for chances to win lottery cash in weekly drawings and a grand prize drawing in January. You can find the details on page 5.

Football season brings big opportunities for your business with fans stopping in for supplies or spending time in your establishment to watch a game. See the article on page 9 to find ways to capitalize on the crowds gathering to catch a game.

The Upgrade is officially underway with new self-serve kiosk deliveries beginning this month. We want to ensure that all retailers are informed and supported during the process. In addition to a toolkit your sales rep will deliver, you can visit our website for important information throughout the Upgrade including the recording of the webinar held on October 1. See page 3 for details.

As always, thank you for all you do to make the Ohio Lottery a success every day!

Sincerely,

Michelle B. Gillcrist J.D.

Lottery Operations Update

The Upgrade is Underway! The phased roll out of the new Wave terminals and new self-serve kiosks is underway, but it will take several months to install new equipment in all 11,000 retail locations.

Retailers will be notified one week in advance of equipment removals and installations. All Waves will be installed prior to go-live in Spring of 2027, while some self-serve kiosks will continue to roll out after go-live. Sales staff evaluated all retail locations based on a variety of criteria to determine which types of equipment will be assigned to you.

Webinar Recording

All retailers were invited to attend a webinar to learn about *The Upgrade* and the changes coming to all equipment and the gaming system. If you missed the webinar, it is available to watch it in its entirety on our website ohiolottery.com/retailers.

Make sure you empty all tickets, paper, and cash from your equipment set for removal and have keys for the equipment on site!

Retailer Toolkit

Each retailer will receive a special toolkit with information about *The Upgrade*. This will provide helpful information about the rollout of new self-serve kiosks, tips to make the equipment swap go smoothly, and frequently asked questions you can use to answer questions customers might ask during this time. Your Ohio Lottery Sales Representative will deliver your toolkit prior to your equipment delivery.

Retailer Resources Hub

The Retailer Resources Hub is live and always available to you by visiting ohiolottery.com/retailers. The site is a great place for you to get important information about *The Upgrade*, and it will be updated as we move through the process to help answer your questions.

New Self-Serve Kiosk Offerings

During the new equipment rollout, some self-serve kiosks will be offline while others will only sell scratch-offs and accept cash payments. Once *The Upgrade* is complete, the kiosks will accept all payment options, sell all Ohio Lottery games, scan tickets, and produce vouchers.

We've produced helpful videos to outline how the new self-serve kiosks will work to start. Visit the Retailer Resources Hub to view the videos and share with your staff and customers.

Retailer Incentive Details

During *The Upgrade*, the Retailer Incentive Program is paused as tracking incentive qualifiers and management of the Program isn't possible during the conversion, but the Lottery will offer other incentives and rewards for retailers as a thank you for maintaining sales during the upgrade to a new gaming system.

All retailers who place new lottery equipment will receive a \$25 credit per week for each Wave unit and a \$100 credit per week for each SST beginning the week they receive the terminal until go-live.

Retailers who have earned the retailer incentive bonus at least four of the last eight quarters will receive a one-time bonus at the start of the project. These combined incentives will total a similar amount awarded to retailers in bonuses and incentives in Fiscal Year 26.

We will offer a new retailer incentive program when the upgrade is completed in 2027.

HOLIDAY CHEER STARTS HERE!

Make the Most of Holiday Sales!

The holidays bring many reasons for customers to pick up tickets. From last minute gifts to stocking stuffers, holiday scratch-offs are a go-to every year. Now is the perfect time to update your displays and signage to be current and fun, capturing the best of the fall and winter holiday season.

In the coming weeks, work with your sales representative to create an attractive and festive holiday display!

Make your Self-Serve Kiosk Holiday Central.

Fill the left-hand row with the holiday scratch-offs, highest two price points at the top left, with the remainder of the holiday scratch-offs going down the left-most row (top to bottom).

Vending sales grow during the holidays.

More than 25% of scratch-off sales come through our self-serve kiosks. Keep your bins full and check your self-serve kiosk inventory daily or as needed to meet demand.

Ohio Lottery tower displays

Take advantage of last minute and impulse purchases at your counter. A limited number of tower displays are available. See your sales representative for details.

Best Practices for your Lottery holiday display

- Activate and start selling a book of each holiday game when it is delivered.
- Use the row closest to the service counter. Add your holiday scratch-offs there, highest to lowest price point, from top to bottom.
- If your display will not hold all the holiday scratch-offs in that row, consider doubling up the \$2 and \$1 holiday games in the bottom row.

Pick Games Bonus Cash Second Chance Promotion

Oct. 5, 2026 – Nov. 1, 2026

Players who enter their non-winning *Pick 3*, *Pick 4*, and *Pick 5* tickets in MyLotto Rewards® have the chance to win up to \$5,000! Each non-winning Pick ticket entered earns one entry into the second chance promotion.

Ohio Lottery Releases Updated Retailer Operating Procedures Manual

The Ohio Lottery has published an updated Retailer Operating Procedures Manual designed to support retailers with day to day processes, responsibilities, and commonly asked questions. As a licensed retailer, you are required to follow all terms, conditions, rules, and directives outlined in the manual.

The updated guide works alongside Lottery training and the ongoing support provided by your Lottery Sales Representative. By using the manual and applying proven sales strategies and commission opportunities, retailers can strengthen performance and maintain successful partnerships with the Lottery.

Thank you for your continued partnership with the Ohio Lottery.

Please review the updated manual found on our website and acknowledge receipt using the QR code provided.

Taking Care of Business

Have your keys ready for service calls.

Scientific Games is in the process of equipment removals and installations as part of The Upgrade. To ensure smooth service calls, make sure you have your kiosk keys available at the time of the service. The Scientific Games Command Center will let you know if there's anything additional you need to do before equipment is removed.

Make sure your mailing address is up to date.

In preparation for 1099s, please review/update your business, mailing, and legal address. Log into the Retailer eApplication system to submit a business information change request.

Beware of Illegal Gambling Machines! You could lose your License!

Lottery Chief Legal Counsel reminds you NOT to install or allow a vendor to install illegal gambling machines in your retail location. Each Lottery Retail Sales License limits you to the sale of schemes of chance authorized by the Director in accordance with Ohio Administrative Code (OAC) §3770-4-03.

The installation of gambling machines and related services are illegal under Ohio Revised Code §§2915.02 and 2915.092 and prohibited by OAC §901:9-2-07 and Chapter 3772.

Moreover, if you are found to be in possession of unregulated skill-based amusement machines you and your employees could be prosecuted criminally. You will also likely lose your Ohio Lottery License.

Illegal gambling is a crime, and the Ohio Lottery takes this very seriously.

Did You Know? Bollard Covers Boost Business

Not only do bollard covers help create a visually appealing storefront, they also can improve foot traffic and sales!

Ohio Lottery bollard covers keep the Lottery top of mind for customers and help drive impulse purchases. And Lottery players have larger basket sizes than non-lottery players, so not only do they buy tickets, they reinvest their winnings for additional play and buy food, drinks and other products.

Reach out to your LSR to order your new bollard covers today!

Fall is here and that means it's football season!

No matter how the home team is playing, KENO is always a winner. Whether your customers are pre-gaming, watching the game or hanging around for some post-game action, KENO is a great way to add some extra excitement to the game.

Don't forget to put out the new KENO coasters to encourage customers to stick around for overtime and beyond for more fun, food and celebrating. And if you haven't gotten yours yet, let your LSR know and they will order them for you.

WINNERS

are everywhere

Southtown Cafe Owners Win EZ Play Hot Shots Jackpot

Randy and Darla Donaldson own Southtown Café located at 9 N. Maysville Ave. in Zanesville. They have been a lottery retailer for 15 years. During that time, they have seen many customers win big but never experienced it firsthand before.

On Sunday July 12, 2026, they got a call about something needing to be done at the bar, so Randy ran up there to take care of it. While he was there, he decided to try his luck and played EZ Play Hot Shots Jackpot with a \$3 voucher from a recent KENO win. When the Touch & Win Terminal said that he won \$24,363, he was in shock. His granddaughter looked at him and said, “Grandpa, you’re rich!”

Darla said that they put some of their winnings toward a new van and have taken a few trips. Since their big win, a lot of people have taken an interest in the Touch & Win games. KENO is still king at Southtown, but players are hoping to catch some of the Donaldson’s good luck.

\$500,000 Instant Jackpot Winner

Madison Convenience sold a winning Instant Jackpot \$10 scratch-off that resulted in a \$500,000 win for a lucky Lakewood woman!
