

(A) Title and term. Ohio Lottery Operating Procedure number one thousand one hundred eleven, "MERRY MONEY MATCH," will be conducted at such times and for such periods as the commission may determine. For the purpose of this operating procedure, "sales cycle" will mean any such period, including reprints, beginning on the date when ticket sales are commenced and continuing through the date established by the director as the date on which sales agents are to make their final settlement with respect to tickets allocated to them during the period in Lottery Operating Procedure number one thousand one hundred eleven.

(B) General design

(1) Lottery Operating Procedure number one thousand one hundred eleven is a reveal symbol game and is generally known as an "instant lottery."

(2) Holders of valid tickets will remove the covering off of the BONUS GIFTS area to reveal three spots. If the player matches any of the HOLIDAY SYMBOLS to any of the BONUS GIFTS symbols then the player wins one hundred dollars automatically. If a player reveals "200X" symbol then the player wins two hundred times their total prize won in the "Your Numbers" area.

Next, the player will remove the covering off of the entire play area to reveal eight "Winning Numbers" and twenty-five "Your Numbers." If any one or more of "Your Numbers" match the "Winning Numbers," the player wins the prize shown below the matching number(s) automatically. If the player reveals a "HAT" symbol, the player wins the prize shown for that symbol automatically. If the player reveals a "SLEIGH" symbol, the player wins all twenty-five prizes shown automatically.

There are twenty-eight chances to win on each ticket, and a player may win up to twenty-eight times on one ticket.

(3) The only "Prize Values," which will appear on a ticket in Lottery Operating Procedure one thousand one hundred eleven are: ten dollars, twenty dollars, twenty-five dollars, thirty dollars, fifty dollars, one hundred dollars, two hundred dollars, five hundred dollars, one thousand dollars, ten thousand dollars, fifty thousand dollars, and an "Annuity Prize Award" of eighty thousand dollars per year for twenty-five years, before taxes or the "Elected Cash-Option Prize Award" of approximately one million dollars before taxes in lieu of the "Annuity Prize Award." Numbers, Prize Values and play symbols appearing on any ticket in Lottery Operating Procedure one thousand one hundred eleven will be concealed by an opaque covering, which may be scratched off by the holder of the ticket to reveal the underlying numbers, Prize Values, and play symbols.

(C) Price of tickets. The price of a ticket issued by the commission in Lottery Operating Procedure number one thousand one hundred eleven will be thirty dollars.

(D) Structure, nature and value of "Prize Awards"

(1) There will be one type of prize in Lottery Operating Procedure one thousand one hundred eleven, called a Prize Award.

(2) As used in this operating procedure, Prize Award will mean one of the following monetary figures, which is the total of all winning Prize Values appearing on the ticket: thirty dollars, fifty dollars, one hundred dollars, five hundred dollars, one thousand dollars, ten thousand dollars, fifty thousand dollars and an "Annuity Prize Award" of eighty thousand dollars per year for twenty-five years, before taxes or the "Elected Cash-Option Prize Award" of approximately one million dollars before taxes in lieu of the "Annuity Prize Award." Each ticket in Lottery Operating Procedure number one thousand one hundred eleven will be imprinted in such a way that Prize Awards from the set listed above may be won.

(E) Number of Prize Awards. The number of Prize Awards in any sales cycle of Lottery Operating Procedure number one thousand one hundred eleven will depend upon the number of tickets sold during that cycle. However, distribution and availability for public purchase may be affected by, but not limited to, circumstances such as stolen, defective, missing, damaged, promotional, returned or partial reordered tickets. Tickets will be printed in accordance with this Lottery Operating Procedure using random techniques in order that the following occur:

(1) Combinations winning each Prize Award are randomly distributed throughout all tickets printed in any given ticket issuance.

(2) For each line in column one of the appendix to this Lottery Operating Procedure, except line thirty-six, the player having the Prize Value and multiplier, if any, on that same line in column(s) three and/or four will win the Prize Award on that same line in column five. A player having the prize value set forth on line thirty-six, of column three of the appendix to this OLC Operating Procedure shall win either the "Annuity Prize Award" or the "Elected Cash-Option Prize Award." The amount set forth on line thirty-six in column five represents the estimated cost of annuity investment, at time of game development, to fund the "Annuity Prize Award." In a pool of one million four hundred thousand tickets sold, mathematical reasoning suggests that the number of tickets having the Prize Value and multiplier, if any, set forth on a given line in column(s) three and/or four of the appendix to this operating procedure should be as set forth on that same line in column six.

(F) Tickets sold. Chances of winning and the number of winning tickets are established at the time of printing and will change as prizes are won.

(G) Frequency of prize drawings.

- (1) Random imprinting of Prize Awards on all tickets issued in Lottery Operating Procedure number one thousand one hundred eleven will be accomplished in a manner which complies with the commission's rules and procedures.
- (2) When a ticket issued in Lottery Operating Procedure number one thousand one hundred eleven is sold or deemed sold in accordance with this Lottery Operating Procedure and the covering material over any of the numbers, Prize Values and play symbols has been removed, the holder will be deemed to have drawn the numbers, Prize Values and play symbols on that ticket which determine whether the holder is entitled to a Prize Award. All Prize Awards will be deemed announced no later than the last day of the sales cycle of Lottery Operating Procedure number one thousand one hundred eleven in which the ticket was sold.

(H) Special claim, entry, receipt and validation procedures. The director will establish special claim, entry, receipt and validation procedures, including procedures for validation by sales agents of tickets winning Prize Awards which are to be paid by sales agents in accordance with commission rules. Prize Awards will be claimed within the time limits set forth by commission rules and procedures.

(I) Validity of Tickets.

- (1) A mechanical error in printing Prize Awards, symbols, words or other numbers on a ticket will not automatically invalidate that ticket. To the extent feasible, the director will establish procedures by which the holder of any ticket on which information is incorrectly printed due to mechanical malfunction may be advised of correct information for the ticket. If it is not technically feasible to recover the information from a mechanically misprinted ticket, the director may declare the ticket void and the holder will be entitled to a return of the ticket price or a replacement ticket of comparable price.
- (2) In addition to, but not in limitation of, all other power and authority conferred on the director by the commission's rules and procedures, the director may declare a ticket in Lottery Operating Procedure number one thousand one hundred eleven void if it is stolen, deactivated, not sold or deemed not sold in accordance with commission rules and procedures; if it is illegible, mutilated, altered, counterfeit, misregistered, reconstituted, miscut, defective, printed or produced in error or incomplete; if the ticket fails any of the validation tests or procedures established by the director; or if the ticket is obtained in violation of commission rules and procedures, including, but not limited to, by way of prize discounting prohibited under rule 3770-3-01 of the administrative code. The commission's liability and responsibility for a ticket declared void, if any, is limited to refund of the retail sales price of the ticket or issuance of a replacement ticket of comparable price.

(J) Director's conduct of Lottery Operating Procedure number one thousand one hundred eleven.

- (1) The director will conduct Lottery Operating Procedure number one thousand one hundred eleven and any promotions or drawings associated therewith in a manner consistent with the Lottery Act and the rules and procedures of the commission including, without limitation, this Lottery Operating Procedure. The director will inform the public of the provisions of this Lottery Operating Procedure, and the procedures established pursuant hereto, which affect the play of Lottery Operating Procedure number one thousand one hundred eleven. The director reserves the right to declare any instant game as unavailable for sale at any time to maintain game integrity and accountability.
- (2) Names and definitions of elements of Lottery Operating Procedure number one thousand one hundred eleven used in this Lottery Operating Procedure are to be considered generic terms used solely for purposes of this Lottery Operating Procedure. In actual operation, Lottery Operating Procedure number one thousand one hundred eleven and these elements may be given names or titles chosen by the commission.

TICKET QUANTITY: 1,400,000
TICKET COST: \$30.00
