

OLC Operating Procedure 1079
Effective: November 22, 2025

(A) Title and term. Ohio Lottery Commission operating procedure, OLC Operating Procedure number one thousand seventy-nine, "WILD CASH TRIPLER" shall be conducted at such times and for such periods as the commission may determine. For the purpose of this operating procedure, "sales cycle" shall mean any such period, including reprints, beginning on the date when ticket sales are commenced and continuing through the date established by the director as the date on which sales agents are to make their final settlement with respect to tickets allocated to them during the period in OLC operating procedure number one thousand seventy-nine.

(B) General design.

(1) OLC Operating Procedure number one thousand seventy-nine is a reveal symbol game and is generally known as an "instant lottery."

(2) Holders of valid tickets will remove the covering off the entire play area to reveal ten "Winning Numbers" and twenty-five "Your Numbers." If any one or more of "Your Numbers" match the "Winning Numbers," the player wins the prize shown below the matching number(s) automatically. If the player reveals a "TRIPLE MONEYBAG" symbol, the player wins triple prizes shown automatically for that symbol. If the player reveals a "WILD" symbol, they win three hundred dollars automatically.

Next the player will remove the ticket covering off the "Bonus" play area to reveal five "Bonus" spots. If the player reveals a "TRIPLE DOLLAR SIGN" symbol, the player wins the prize shown for that symbol. If the player reveals a "TRIPLE" symbol, the player wins triple the prize shown for that symbol.

Next the player will remove the ticket covering off the entire play area of the back of the ticket to reveal three "Winning Numbers" and fifteen "Your Numbers." If any of one of more of "Your Numbers" match the "Winning Number", the player wins the prize shown below the matching number(s) automatically. There are forty-five chances to win on each ticket, and a player can win up to forty-five times on one ticket. The front and back of the ticket are played separately.

(3) The only "prize values," which shall appear on a ticket in OLC Operating Procedure number one thousand seventy-nine are: ten dollars, twenty dollars, thirty dollars, fifty dollars, sixty dollars, ninety dollars, one hundred dollars, one hundred fifty dollars, three hundred dollars, one thousand dollars, ten thousand dollars, three hundred

thousand dollars, one million dollars, and three million dollars. For the prize value of one million dollars, the winner has the choice to select an "Annuity Prize Award" of forty thousand dollars per year for twenty-five years, before taxes, or the "Elected Cash-Option Prize Award" of approximately five hundred thousand dollars before taxes in lieu of the "Annuity Prize Award." For the prize value of three million dollars, the winner has the choice to select an "Annuity Prize Award" of one hundred twenty thousand dollars per year for twenty-five years, before taxes, or the "Elected Cash-Option Prize Award" of approximately one million five hundred thousand dollars before taxes in lieu of the "Annuity Prize Award." Numbers, prize values and play symbols appearing on any ticket in OLC Operating Procedure number one thousand seventy-nine shall be concealed by an opaque covering, which may be scratched off by the holder of the ticket to reveal the underlying numbers, prize values and play symbols.

(C) Price of tickets. The price of a ticket issued by the commission in OLC Operating Procedure number one thousand seventy-nine shall be thirty dollars.

(D) Structure, nature and value of prize awards.

(1) There shall be one type of prize in OLC Operating Procedure number one thousand seventy-nine called a "prize award."

(2) As used in this OLC Operating Procedure, "prize award" shall mean one of the following monetary figures, which is the total of all winning prize values appearing on the ticket: thirty dollars, sixty dollars, ninety dollars, one hundred and fifty dollars, three hundred dollars, one thousand dollars, ten thousand dollars, thirty thousand dollars, three hundred thousand dollars. For the prize value of one million dollars, the winner has the choice to select an "Annuity Prize Award" of forty thousand dollars per year for twenty-five years, before taxes, or the "Elected Cash-Option Prize Award" of approximately five hundred thousand dollars before taxes in lieu of the "Annuity Prize Award." For the prize value of three million dollars, the winner has the choice to select an "Annuity Prize Award" of one hundred twenty thousand dollars per year for twenty-five years, before taxes, or the "Elected Cash-Option Prize Award" of approximately one million five hundred thousand dollars before taxes in lieu of the "Annuity Prize Award.". Each ticket in OLC Operating Procedure number one thousand seventy-nine shall be imprinted in such a way that prize awards from the set listed above may be won.

(E) Number of prize awards. The number of prize awards in any sales cycle of OLC Operating Procedure number one thousand seventy-nine, will depend upon the number of tickets sold during that cycle. However, distribution and availability for public purchase may be

affected by, but not limited to, circumstances such as stolen, defective, missing, damaged, promotional, returned or partial reordered tickets. Tickets shall be printed in accordance with this OLC Operating Procedure using random techniques in order that the following occur:

(1) Combinations winning each prize award are randomly distributed throughout all tickets printed in any given ticket issuance; and

(2) For each line in column one of the appendix to this OLC Operating Procedure, except lines thirty-nine, forty, and forty-one, the player having the prize value and multiplier, if any, on that same line in column(s) three and/or four and/or five shall win the prize award on the same line in column six. A player having the prize value set forth on lines thirty-nine, forty, and forty-one, of column three of the appendix to this OLC Operating Procedure shall win either the "Annuity Prize Award" or the "Elected Cash-Option Prize Award." The amount set forth on lines thirty-nine, forty, and forty-one in column six represents the estimated cost of annuity investment, at time of game development, to fund the "Annuity Prize Award." In a pool of three million tickets sold, mathematical reasoning suggests that the number of tickets having the prize value and multiplier, if any, set forth on a given line in columns three and/or four and/or five of the appendix to this operating procedure should be as set forth on that same line in column seven.

(F) Tickets sold. Chances of winning and the number of winning tickets are established at the time of printing and will change as prizes are won.

(G) Frequency of prize drawings.

(1) Random imprinting of prize awards on all tickets issued in OLC Operating Procedure number one thousand seventy-nine shall be accomplished in a manner that complies with the commission's rules and procedures.

(2) When a ticket issued in OLC Operating Procedure number one thousand seventy-nine is sold or deemed sold in accordance with this OLC Operating Procedure, and the covering material over any of the numbers, prize values and play symbols has been removed, the holder shall be deemed to have drawn the numbers, prize values and play symbols on that ticket, which determine whether the holder is entitled to a prize award. All prize awards shall be deemed announced no later than the last day of the sales cycle of OLC Operating Procedure number one thousand seventy-nine in which the ticket was sold.

(H) Special claim, entry, receipt and validation procedures. The director shall establish special claim, entry, receipt and validation procedures, including procedures for validation by sales agents of tickets winning prize awards, which are to be paid by sales agents in accordance with commission rules. Prize awards shall be claimed within the time limits set forth by commission rules.

(I) Validity of tickets.

(1) A mechanical error in printing prize awards, symbols, words or other numbers on a ticket shall not automatically invalidate that ticket. To the extent feasible, the director shall establish procedures by which the holder of any ticket on which information is incorrectly printed due to mechanical malfunction may be advised of correct information for the ticket. If it is not technically feasible to recover the information from a mechanically misprinted ticket, the director may declare the ticket void and the holder shall be entitled to a return of the ticket price or a replacement ticket of comparable price.

(2) In addition to, but not in limitation of, all other power and authority conferred on the director by the commission's rules, the director may declare a ticket in OLC Operating Procedure number one thousand seventy-nine void if it is stolen, deactivated, not sold or deemed not sold in accordance with commission rules; if it is illegible, mutilated, altered, counterfeit, misregistered, reconstituted, miscut, defective, printed or produced in error or incomplete; if the ticket fails any of the validation tests or procedures established by the director; or if the ticket is obtained in violation of commission rules, including, but not limited to, by way of prize discounting prohibited under rule 3770-3-01 of the Administrative Code. The commission's liability and responsibility for a ticket declared void, if any, is limited to refund of the retail sales price of the ticket or issuance of a replacement ticket of comparable price.

(J) Director's conduct of OLC Operating Procedure one thousand seventy-nine.

(1) The director shall conduct OLC Operating Procedure number one thousand seventy-nine, and any promotions associated therewith, in a manner consistent with the Lottery Act and the rules of the commission including, without limitation, this OLC Operating Procedure. The director shall inform the public of the provisions of this OLC Operating Procedure, and the procedures established pursuant hereto, which affect the play of OLC Operating Procedure number one thousand seventy-nine. The director reserves the right to declare any instant game as unavailable for sale at any time to maintain game integrity and accountability.

(2) Names and definitions of elements of OLC Operating Procedure number one thousand seventy-nine used in this OLC Operating Procedure are to be considered generic terms used solely for purposes of this OLC Operating Procedure. In actual operation, OLC Operating Procedure number one thousand seventy-nine and these elements may be given names or titles chosen by the commission.

TICKET QUANTITY: 3,000,000
TICKET COST: \$30.00

Appendix
OHIO LOTTERY
"WILD CASH TRIPLER" (INSTANT GAME NO.1079)
