New Technology | Better Gaming Experiences | More Convenient Purchases

The Ohio Lottery is upgrading to a new gaming system. As part of this change, we'll be replacing all existing clerk-operated terminals and self-serve kiosks.

OCTOBER 2026	FALL 2026 - SPRING 2027	SPRING 2027
Rollout of new terminals and self-serve kiosks begins. All existing kiosks will remain fully operational until switched out. Ongoing retailer training starts.	New self-serve kiosks will conduct cash sales of Scratch-Offs only and will not validate winning tickets or pay vouchers. Retailers will continue to use existing clerk-operated Photon terminals to conduct all transactions until the switch to the new gaming system. New player promotions may be introduced. <i>(Details to come.)</i>	New gaming system goes live. Clerk-operated WAVE™ terminals become operational. PlayCentral HD® self-serve kiosks perform a full menu of transactions. *Self-serve kiosks will continue to be swapped out through summer 2027.

Look for new terminals and kiosks arriving soon.

Selection will vary by location.
