

OLC Operating Procedure 1031

Effective February 24, 2025

- (A) Title and term. Ohio Lottery Commission game OLC Operating Procedure one thousand thirty-one, "\$500,000 Bankroll" will be conducted at such times and for such periods as the commission may determine. For the purposes of this OLC Operating Procedure, "sales cycle" will mean any such period, including reprints, beginning on the date when ticket sales are commenced and continuing through the date established by the director as the date on which sales agents are to make their final settlement with respect to tickets allocated to them during the period in OLC Operating Procedure one thousand thirty-one.
- (B) General design.
- (1) OLC Operating Procedure one thousand thirty-one is a key number match game and is generally known as an "instant lottery."
 - (2) Holders of valid tickets will remove the covering over the entire play area to reveal one "\$50 Bonus" spot, one "\$100 Bonus" spot, one "\$500 Bonus" spot, six "Winning Numbers," twenty "Your Numbers," and twenty corresponding prize amounts. If the player reveals a "Bill" symbol in the "\$50 Bonus" spot, the player wins fifty dollars automatically. If the player reveals a "Roll of Money" symbol in the "\$100 Bonus" spot, the player wins one hundred dollars automatically. If the player reveals a "Stack of Money" symbol in the "\$500 Bonus" spot, the player wins five hundred dollars automatically. If the player matches one or more of the "Winning Numbers" to one or more of "Your Numbers," the player wins the corresponding prize amount(s) automatically. If the player reveals a "Gold Bar" symbol, the player wins the corresponding prize amount automatically. If the player reveals a "10X" symbol, the player wins ten times the corresponding prize amount automatically. If the player reveals a "20X" symbol, the player wins twenty times the corresponding prize amount automatically. If the player reveals a "50X" symbol, the player wins fifty times the corresponding prize amount automatically. There are twenty-three chances to win on each ticket, and a player can win up to twenty-three times on one ticket.
 - (3) The only "prize values," which will appear on a ticket in OLC Operating Procedure one thousand thirty-one are: one dollar, two dollars, three dollars, four dollars, five dollars, ten dollars, twenty dollars, twenty-five dollars, fifty dollars, one hundred dollars, five hundred dollars, one thousand dollars, five thousand dollars, ten thousand dollars, fifty thousand dollars, and five hundred thousand dollars. Numbers, prize values and play symbols appearing on any ticket in OLC Operating Procedure one thousand thirty-one will be concealed by an opaque covering, which may be scratched off by the holder of the ticket to reveal the underlying numbers, prize values and play symbols.
- (C) Price of tickets. The price of a ticket issued by the commission in OLC Operating Procedure one thousand thirty-one will be ten dollars.

(D) Structure, nature and value of prize awards.

- (1) There will be one type of prize in OLC Operating Procedure one thousand thirty-one, a "prize award."
- (2) As used in this OLC Operating Procedure, "prize award" will mean one of the following monetary figures, which is the total of all winning prize values appearing on the ticket: twenty dollars, thirty dollars, fifty dollars, one hundred dollars, five hundred dollars, one thousand dollars, ten thousand dollars, fifty thousand dollars, and five hundred thousand dollars. Each ticket in OLC Operating Procedure one thousand thirty-one will be imprinted in such a way that prize awards from the set listed above may be won.

(E) The number of prize awards in any sales cycle of OLC Operating Procedure one thousand thirty-one will depend upon the number of tickets sold during that cycle. However, distribution and availability for public purchase may be affected by, but not limited to, circumstances such as stolen, defective, missing, damaged, promotional, returned or partial reordered tickets. Tickets will be printed in accordance with this OLC Operating Procedure using random techniques.

- (1) Combinations winning each prize award are randomly distributed throughout all tickets printed in any given ticket issuance.
- (2) For each line in column one of the appendix to this OLC Operating Procedure, the player having the prize value and multiplier, if any, on that same line in columns three and/or four will win the prize award on that same line in column five. In a pool of five million tickets sold, mathematical reasoning suggests that the number of tickets having the prize value and multiplier, if any, set forth on a given line in columns three and/or four of the appendix to this OLC Operating Procedure should be as set forth on that same line in column six.

(F) Tickets sold. Chances of winning and the number of winning tickets are established at the time of printing and will change as prizes are won.

(G) Frequency of prize drawings.

- (1) Random imprinting of prize awards on all tickets issued in OLC Operating Procedure one thousand thirty-one will be accomplished in a manner, which complies with the commission's rules and procedures.
- (2) When a ticket issued in OLC Operating Procedure one thousand thirty-one is sold or deemed sold in accordance with this OLC Operating Procedure and the covering material over any of the numbers, prize values and play symbols has been removed, the holder will be deemed to have drawn the numbers, prize values and play symbols on that ticket, which determine whether the

holder is entitled to a prize award. All prize awards will be deemed announced no later than the last day of the sales cycle of OLC Operating Procedure one thousand thirty-one in which the ticket was sold.

(H) Special claim, entry, receipt and validation procedures. The director will establish special claim, entry, receipt and validation procedures, including procedures for validation by sales agents of tickets winning prize awards, which are to be paid by sales agents in accordance with commission rules. Prize awards will be claimed within the time limits set forth by commission rules.

(I) Validity of tickets.

(1) A mechanical error in printing prize awards, symbols, words or other numbers on a ticket will not automatically invalidate that ticket. To the extent feasible, the director will establish procedures by which the holder of any ticket on which information is incorrectly printed due to mechanical malfunction may be advised of correct information for the ticket. If it is not technically feasible to recover the information from a mechanically misprinted ticket, the director may declare the ticket void and the holder will be entitled to a return of the ticket price or a replacement ticket of comparable price.

(2) In addition to, but not in limitation of, all other power and authority conferred on the director by the commission's rules, the director may declare a ticket in OLC Operating Procedure one thousand thirty-one void if it is stolen, deactivated, not sold or deemed not sold in accordance with commission rules; if it is illegible, mutilated, altered, counterfeit, misregistered, reconstituted, miscut, defective, printed or produced in error or incomplete; if the ticket fails any of the validation tests or procedures established by the director; or if the ticket is obtained in violation of commission rules, including, but not limited to, by way of prize discounting prohibited under rule 3770-3-01 of the Administrative Code. The commission's liability and responsibility for a ticket declared void, if any, is limited to refund of the retail sales price of the ticket or issuance of a replacement ticket of comparable price.

(J) Director's conduct of OLC Operating Procedure one thousand thirty-one.

(1) The director will conduct OLC Operating Procedure one thousand thirty-one and any promotions or drawings associated therewith in a manner consistent with the Lottery Act and the rules of the commission including, without limitation, this OLC Operating Procedure. The director will inform the public of the provisions of this OLC Operating Procedure and the procedures established pursuant hereto, which affect the play of OLC Operating Procedure one thousand thirty-one. The director reserves the right to declare any instant game as unavailable for sale at any time to maintain game integrity and accountability.

- (2) Names and definitions of elements of OLC Operating Procedure one thousand thirty-one used in this OLC Operating Procedure are used solely for purposes of this rule. In actual operation, OLC Operating Procedure one thousand thirty-one and these elements may be given names or titles chosen by the commission.

TICKET QUANTITY: 5,000,000
TICKET COST: \$10.00

Appendix
OHIO LOTTERY
"\$500,000 BANKROLL" (INSTANT GAME NO. 1031)
PRIZE STRUCTURE
DECEMBER 23, 2024 - VERSION B

\$50 BONUS Reveal a (BILL) Bill symbol and win \$50 automatically!
